TRUSTED ACROSS REGULATED INDUSTRIES

citigroup | WesBank | GHX | Oberösterreichische | DB SCHENKER | Bank of America

PDF — Print-ready output

PDF/A — Long-term archiving

PDF/UA — Accessible, tagged

DOCX — Editable Word files

RTF — Universal rich text

DEVELOPER-FIRST

A few lines of code. Production-grade documents.

Drop a single library into your existing application. Read HTML, set the page, write the file.

Java | .NET | Python | PHP | Node.js | Ruby

```
PD4ML pd4ml = new PD4ML();
pd4ml.readHTML(new FileInputStream("invoice.html"));
pd4ml.setPageSize(PageSize.A4);
pd4ml.setPageMargins(new PageMargins(15, 20, 15, 20));
pd4ml.writePDF(new FileOutputStream("invoice.pdf"));
```

PDF | PDF/A-3b | PDF/UA | DOCX | RTF

Integration guides: PHP · Python · Node.js · Ruby · .NET

01 **Full page control**
Page size, orientation and breaks, with dynamic headers, footers and page numbers.

02 **Accessible by design**
Tagged PDF/UA output for Section 508 and accessibility compliance.

03 **Archiving and e-invoicing**
PDF/A-3b with embedded XML, ready for ZUGFeRD and Factur-X.

04 **Document security**
Password protection and restrictions on printing, editing and text extraction.

05 **International text**
Unicode across Asian, Middle Eastern and

Read the documentation →

European scripts, with TrueType and OpenType fonts.

06 **PDF toolkit**

New APIs for working with existing PDFs, beyond HTML conversion.
